## Goldwater to Take Up Civil Rights Question

WASHINGTON (AP) — Sen. Barry Goldwater took up the civil rights question today — and said he may remind the nation in a televised campaign speech of his view that "freedom of association cuts two ways."

The Republican presidential nominee touched briefly on civil rights in a talk before some 300 Republican staff members and volunteers.

Their breakfast meeting was private but the door was open for a while, and a reporter heard Goldwater trace his campaign travels in a largely light-hearted speech.

Told of the address on civil rights he delivered in Chicago last Friday, Goldwater said in that speech that "forced integration is just as wrong as forced segregation."

The Arizona senator told the GOP workers he had worked on that address "for weeks and weeks and weeks."

"I hadn't wanted to get this into politics at all," Goldwater said.

But, he said, he had felt he must make his point on freedom of association.

"There's a freedom to associate and there's a freedom not to associate," Goldwater told the Republicans.

Goldwater said he might later use the civil rights speech "nationally." He did not specifically mention television, but indicated that was what he had in mind by adding it might be used when there is sufficient money to finance such an appearance.

Goldwater swings into a six-state campaign journey Tuesday. Today, he planned to record campaign television appearances and confer with top advisers at Republican national headquarters.

## U.S. Officials Believe That Communist China Will Soon Explode 2nd Nuclear Device

By JOHN M. NIGHTOWER  
AP Special Correspondent  
WASHINGTON (AP) — U.S. officials believe that the Chinese Communists may soon explode a second nuclear device.

Secretary of State Dean Rusk said Sunday in a television interview on ABC's "Issues and Answers" that a second explosion might be forthcoming.

The first blast, last Friday, was predicted by Rusk in a late September statement. His forecast was based on U.S. intelligence information and estimates of the Chinese Communist nuclear capability.

At that time it was generally believed by Washington authorities that the Chinese would probably use up their supply of nuclear explosive material in one shot.

But the test they conducted Friday was described by American nuclear experts as having a low yield. Such a blast would not require an especially large amount of fissionable material — uranium or plutonium. The Chinese are known to have a number of atomic installations.

Officials said that a second detonation would not have any greater military significance than the first. All agree that the Chinese will require 5 to 10 years to accumulate even a modest stockpile of atomic weapons and the bombers or rockets to deliver them.

The immediate significance of China's entry into the nuclear arms race is to be found in the effect on Red Chinese prestige and on the opportunity now created for the Chinese to engage in nuclear diplomacy.

President Johnson referred in his speech to the nation Sunday night to the danger of "nuclear blackmail" and offered assurance to China's neighbors that they will have strong U.S. support if they ever need it in resisting efforts to pressure them into knuckling under to Chinese Communist demands.

U.S. officials say that in terms of building prestige and creating an impression of power which they would hope was frightening to their neighbors, the Red Chinese leaders may well estimate that two or three explosions would be much better than one.

## Mrs. Sheppard, of Patmos, Dies

Mrs. Pearl Sheppard, aged 81, a resident of Patmos, died Saturday in a local rest home. Immediate survivors include a daughter, Mrs. Elsie Welch of Shreveport.

Services were to be held at 2 p.m. Monday at Herndon-Cornelius Chapel. Burial was to be in New Hope Cemetery.

## Methodist Women Plan Services

The Woman's Society of Christian Service of the First Methodist Church of Hope will join more than 1,700,000 Methodist women throughout America in observing their annual "Call to Prayer and Self-Denial" October 26-30 at 9:30 each morning in the sanctuary of the local church. The nursery will be open.

Leaders for the special week will be Mrs. Bob Turner, Mrs. R. T. White, Mrs. Jim Robertson, Mrs. Harry McLeone, and Mrs. Edwin Ward. Each woman who participates in the "Call to Prayer and Self-Denial" is asked to make a sacrificial gift to aid home mission and overseas mission projects and to offer personal prayers for workers in the mission fields.

The "Call to Prayer and Self-Denial" originally called the "Week of Prayer and Self-Denial," is one of the oldest observances for Methodist women, dating back to 1887. This year the many who have worked to plan this week at the First Methodist Church are headed by WSCS President, Mrs. C. V. Nunn.

## Political Lull as Johnson Calls Leaders

By HARRISON HUMPHRIES  
WASHINGTON (AP) — There was a lull today—but only a temporary one—in the presidential election campaign.

President Johnson canceled campaign appearances in Texas for a radio-television report to the people Sunday night on world events and a meeting with congressional leaders of both parties today. Sen. Barry Goldwater, his Republican opponent, was in Washington for staff conferences before a campaign swing through Maryland Tuesday.

Rep. William E. Miller of New York, Republican vice presidential candidate, rested in San Diego before heading for appearances in the San Francisco Bay area, beginning in San Mateo tonight.

Sen. Hubert H. Humphrey of Minnesota, President Johnson's running mate, skipped a campaign speech in Miami to fly back to Washington for the President's meeting with congressional leaders. He hoped to pick up the campaign trail in Ardmore, Okla., tonight.

Humphrey addressed audiences in Tampa and St. Petersburg, Fla., Sunday, saying Communist China's test of an atomic bomb might encourage France to join in the nuclear test ban treaty and "we ought to bring pressure of the world community on Communist China to try to force Peking to enter in the test ban agreement."

Republican chairman Dean Burch renewed his demand that the major radio-television networks that carried President Johnson's talk Sunday night give Goldwater equal free time.

Burch said the President's speech on the new Soviet government and Red China's explosion of a nuclear device gave no new facts and "was utterly politically motivated."

In other political developments:

Richard M. Nixon, former vice president and Republican presidential nominee in 1960, announced a 16-speech Republican campaign itinerary covering 13 states this week, beginning today in Syracuse, N.Y., Hartford and Stamford, Conn.

Bishop Stephen Gill Spottswood of the African Methodist Episcopal Zion Church told the Virginia NAACP Convention in Newport News that the voter registration drive of the National Association for the Advancement of Colored People has put about 7 million additional Negroes on the nation's voter rolls out of a potential of about 12 million.

## U.S. Starts Off Good With New Soviet Leaders

By JOHN M. NIGHTOWER  
AP Special Correspondent  
WASHINGTON (AP) — President Johnson tells congressional leaders today that the United States has made a "good beginning" in relations with the new leaders of the Soviet Union and hopes the Kremlin will join in renewed efforts to block any further spread of nuclear weapons.

Johnson stressed both these points Sunday night in a report to the nation in which he also spoke of the possible use by Red China of "nuclear blackmail" against other countries now that it has exploded its first test bomb.

He warned furthermore that what he calls China's "expensive and demanding effort (to build nuclear weapons) tempts other states to equal folly — nuclear spread is dangerous to all mankind."

"We continue to believe," Johnson said, "that the struggle against nuclear spread is as much in the Soviet interest as in our own. We will be ready to join with them and all the world — in working to avoid it."

At the same time the President announced in his radio-television address that Washington will continue to support the limited nuclear test-ban treaty which the United States, the Soviet Union and Britain and more than 100 other nations signed last year. France and Communist China did not sign.

"We call on the world — especially Red China — to join the nations which have signed that treaty," Johnson said.

The meeting with congressional leaders both Democrats and Republicans was scheduled for the White House early this afternoon. It was set up at the end of last week. Officials said that the President would cover substantially the same ground and the same major points which he made in his television broadcast on last week's sensational developments in the Soviet Union and Red China.

Johnson's reaction to the ouster of Soviet Premier Khrushchev and its significance for the United States as he sees it, covered both the possibility of dangerous future crises and the hope that the new Kremlin leaders will undertake new measures to strengthen world peace.

Khrushchev was suddenly ousted Thursday and replaced by two men who share the power which he held alone — Communist party leader Leonid I. Brezhnev and Premier Alexei N. Kosygin.

Earlier Sunday Johnson sent greetings to Kosygin and said he hoped "our governments will work constructively in attempting to resolve the urgent international problems facing us in the world."

In his address Sunday night Johnson had words of praise as well as criticism for the deposed Khrushchev saying that he was "guilty of dangerous adventure" as in the Berlin and Cuban crises but that "he learned from mistakes and he was not blind to realities."

Of Khrushchev's successors Johnson said they are younger men who may be "less rooted in their past" and they are said "to be realistic."

"We can hope that they will share with us our great objective; the prevention of nuclear war," he added.

He said the change in the Moscow high command means at least four things for Americans:

First—the men in the Kremlin "remain dedicated, dangerous Communists" and the United States must maintain "steady vigilance" at a time of trouble in the Communist bloc because U.S. strength "holds the balance firm against danger."

Second — "There will be turmoil in the Communist world." But the President said the preoccupation of Kremlin chiefs with Communist problems is not all bad "because men who are busy with internal problems may not be tempted to reckless external acts."

Third — The forces working for greater independence in Communist government, Eastern Europe "will continue to have our sympathy" and he added: "We will not give up our hope of building new bridges to these people."

Fourth — The course now followed by the United States "must continue to prove that we on our side are ready to get on."

## New Red Leaders Declare Peaceful Coexistence Plan

By HENRY S. BRADSHAW  
MOSCOW (AP) — The new leader of the Soviet Union, Leonid I. Brezhnev, proclaimed today a policy of peaceful coexistence, disarmament and equality among Communist parties.

Brezhnev made his first personal statement of policy since the removal of Nikita Khrushchev in a speech to a Red Square reception for the three latest Soviet cosmonauts.

Brezhnev made no reference to his takeover last Wednesday of Khrushchev's position as first secretary of the Soviet Communist party. Khrushchev has disappeared since then.

In a 20-minute address from atop Lenin's Tomb, Brezhnev said "some people express disquiet that the Soviet Union is far ahead of the United States" in space flight. Some estimates say two years ahead, some five years, he added.

"We are pleased that the Soviet Union is ahead, but we do not consider cosmic research as some kind of a race," Brezhnev said. It is part of Soviet creative work in all fields for the benefit of man, he said.

Thousands roared their welcome to the three cosmonauts, the first a week ago to circle the earth in a multi-seat spacecraft.

Brezhnev, Alexei N. Kosygin, who took over Khrushchev's job as premier, President Anastas I. Mikoyan and Mikhail Suslov, a member of the party Presidium, were out at the airport to meet the three. The cosmonauts had flown 1,250 miles from space headquarters.

They hugged the trio — Col. Vladimir Khar, Commander of the spaceship, scientist Konstantin Feoktistov and Dr. Boris Yegorov.

After a triumphant ride from the airport, the new cosmonauts, the members of the party's Central Committee presidium and five of the previous six cosmonauts lined up atop Lenin's Tomb. Waves of cheers swept the vast square.

Brezhnev told the crowd standing under the Kremlin walls that a Leninist policy would be followed. He emphasized the "Leninist principles of leadership." This was a reference to collective leadership rather than one-man domination of the Soviet government.

The Communist party newspaper Pravda has accused Khrushchev — since his unexpected fall — of developing his own "cult of personality" and ignoring others.

Soviet foreign policy, Brezhnev said, is built "on the unshakable basis of the Leninist principle of peaceful coexistence." He called a reduction of international tension "the only policy reasonable under modern conditions" and said "all honest people must agree."

"We stand for complete disarmament" and for strengthening the United Nations "in the interests of peace," Brezhnev said, adding: "We stand for effective security in Europe."

## Charges Soviet Cosmos Used to Spy on U.S.

By FRED S. HOFFMAN  
WASHINGTON (AP) — Defense experts said today they are sure Soviet Cosmos satellites are being used to spy on the United States.

The Soviet Union last Wednesday launched the 48th in a series of Cosmos satellites which the Russians describe as unmanned, scientific spacecraft probing radiation belt and other phenomena.

The Russians have been sending Cosmos satellites aloft since March 1962. Some still are in orbit, following paths that take them over the United States at altitudes ranging from about 120 miles to nearly 300 miles.

At such altitudes, sophisticated cameras can get clear and detailed pictures of features on the ground.

U.S. reconnaissance satellites — about which the Air Force and Defense Department are silent — are believed to operate at about 300 miles altitude while passing over Soviet and Red Chinese territory.

Information from these U.S. Samos reconnaissance satellites may have played a part in alerting the United States weeks ago to the imminence of Red China's first atomic test blast, which occurred last Friday.

If so, it would have been a joint effort with U-2 planes which Col. Charles H. Holifield says have been providing pictures for three years on what is believed to be Red China's atomic energy plant. Holifield, a California Democrat, is vice chairman of the Senate-House Atomic Energy Committee.

Space Agency officials say the United States knows little about Cosmos hardware — the rocket that launches it, the satellite itself or its equipment.

With its claimed new antisatellite system, the United States presumably could shoot down the Cosmos satellites if it considered them a serious threat.

Secretary of Defense Robert S. McNamara claimed last month that the American antisatellite systems had scored several successful intercepts of U.S. satellites up to hundred of miles above the earth.

However, any U.S. moves against the Cosmos satellites would almost certainly at least be answered in kind. The United States probably would be the blinder of the two without its reconnaissance satellites, since much of the Soviet Union and all of Red China are closed to inspection. Russians and others enjoy greater freedom of movement on U.S. soil.

## Court Refuses to Take Up Complaint

WASHINGTON (AP) — The Supreme Court refused today to rule on a complaint by a group of white parents in Brooklyn, N.Y., who said their children were assigned to a new junior high school outside their home area on the basis of race.

The refusal was in a brief order which made no comment.

In a petition to the high tribunal, the parents stated:

"Petitioners do not object to having their children attend school with non-whites. They do object to the assignment of their children to a school in a slum to satisfy a 'political compromise' brought about by pressure on the Board of Education, solely because their children are white."

### River Bridge Has Reopened

LITTLE ROCK (AP) — The Arkansas Highway Department announced Sunday that a bridge on U.S. 70 across the White River near DeValls Bluff had been reopened.

The bridge was closed 10 days ago after its superstructure was damaged when struck by the blade of a bull dozer being transported on a truck.

The highway is the main link between Little Rock and Memphis. Traffic was rerouted through Clarendon while the bridge was closed.

Sunday in Moscow suggested to Western observers the possibility of a Soviet approach aimed at persuading Red China to join in a drive to ban all nuclear weapon testing.

The statements also called for developing and strengthening friendship with the people of the United States, Britain and France, the world's non-Communist atomic powers.

The slogans published in Pravda for the Nov. 7 celebration of the Bolshevik revolution, urged an all-encompassing ban on all types of nuclear tests.

### U.S. Starts Off

Johnson recalled that on Friday he was officially informed through Ambassador Anatoly Dobrynin that the new Kremlin regime planned no change in basic Soviet foreign policy. He said that in reply he had spoken frankly to the Soviet envoy.

"I told him," Johnson said, "that the quest for peace in America had never been more determined than it is now. I told him we intend to bury no one, and we do not intend to be buried. I reminded the ambassador of the danger we all faced two years ago in Cuba."

"I told him that any Soviet government which is ready to work for peace will find us ready in America. I said to the ambassador that I would be ready to talk to anyone, when it would help the cause of peace."

"I believe this was a good beginning on both sides."

In reporting on the Chinese nuclear explosion, Johnson added some detail not previously made public. He said that the test was conducted at a site near Lop Nor Lake in the Takla Makan desert of the Chinese central Asian province of Sinkiang.

U.S. intelligence had watched the building of the test site there for several years, Johnson said. Presumably, the observations were made by high flying aerial cameras.

Johnson dismissed the Chinese call last week for a great international conference to abolish all nuclear weapons. Red China, he declared, fools no one when it offers to trade away its first small accumulation of nuclear power against the mighty arsenals of those who limit Communist Chinese ambitions."

## Fulbright Again Lashes Goldwater

LITTLE ROCK (AP)—Enactment of even a small portion of the program of Republican Presidential nominee Barry Goldwater would spell positive disaster to the South, Sen. J. William Fulbright, D-Ark. said Sunday.

Fulbright said in an interview that Goldwater lacks qualifications for the office. He described President Johnson as "a man of long experience, high ability and proven competence in the affairs of government."

Fulbright left here shortly after the interview for a White House conference with Johnson on world developments.

"All of Lyndon Johnson's career, not only his eleven months as president, but his three years as vice president and over 20 years in Congress, have prepared him to be what he is today—a president whose sympathies are with every group and every region in our country, but whose loyalty and commitment are to the nation as a whole," the senator said.

Geologists say that Magnet Cove is the shrunken crater of a volcano of ancient times when the earth's surface was still unstable. In fact they say that this volcano was at that time the highest peak in North America and the second highest in the world.

CAMDEN, Ark. (AP)—The site of one of the first Confederate victories west of the Mississippi River, Poison Spring near here, will be dedicated as a state park Oct. 31.

## Scout Reunion at Texarkana

## "DEAR ABBY"

IN DOUBT!

By Abigail Van Buren

Dear Abby: What would you do if a woman with a tainted reputation moved into your neighborhood and decided to make you her bosom buddy just because your son and her became playmates? She's never done me any harm, but everyone keeps warning me not to have anything to do with her because she seems to attract men—married and single—without even trying. My husband is no dream boat or woman chaser, but I'd die if he ever got interested in another woman. With these friendly warnings I have my fears, even though I trust my husband and I like the woman. She seems lonely and I'd gladly give her my friendship if it isn't my husband she's after. What should I do?

### PUZZLED

Dear Puzzled: If the woman has never done you any harm and you like her, I say nuts to the friendly warnings. They sound like so much cat meowing. You can't go through life suspecting every attractive woman of trying to steal your husband.

"ashamed" of, you are unwise to make yourself conspicuous in public and embarrass others, as well as your relatives and friends.

Confidential To "Not Well": No one said it better than Ella Wheeler Wilcox in her poem, OPTIMISM and I quote: "Talk health. The dreary, never-ending tale Of mortal maladies is worn and stale; You cannot charm or interest or please By harping on that minor chord, disease. Say you are well, or all is well with you. And God shall hear your words and make them true."

## Broyles Mighty Proud of All His Players

By BILL SIMMONS

FAYETTEVILLE, Ark. (AP) — "Two great plays, Caveness and those other boys." That was Arkansas Coach Frank Broyles' assessment of how the Razorbacks whipped Texas, the nation's No. 1 team, 14-13 Saturday night at Austin, Tex.

The great plays were an 81-yard punt return by Ken Hatfield for one touchdown and a 34-yard pass from quarterback Fred Marshall to end Bobby Crockett for another.

Caveness and those other boys were a linebacking mainstay and his assistants in an Arkansas defense that played Texas style sound, solid jaw-to-jaw football.

Caveness, a 210-pounder from Houston, Tex., is the ace of the Razorback defense. He halted Longhorn ball carriers 25 times. It was a good performance by Caveness, but not his best.

"We had him crashing through a lot of time on plays that ran away from his side," Broyles explained. "Otherwise he would have had more tackles."

"I am proud of our defense. Words can't say how happy I am."

am. That Caveness—I've said it a hundred times — if anybody has ever been All-America, that boy is All-America."

Arkansas shifted into an eight-man blitzing front to "make Texas make bad plays," Broyles said. Nobody else had been able to do that and Arkansas did, he said.

"I'm deliciously happy," Broyles said. "I'm almost hysterical."

Many other Arkansans were that way Saturday night. Motorists in Fayetteville and Little Rock created horn-honking bedlam on downtown streets, pedestrians shouted for joy, and strangers embraced out of sheer happiness.

About 5,000 cheering fans greeted the Arkansas team when its plane landed here early Sunday. Every player was hoisted to shoulders for a victory celebration.

The team arrived on the university campus one hour and 35 minutes behind schedule because of the demonstration. It was a game of many firsts: It was Arkansas' first victory over a No. 1 team; it was Arkansas' first victory over Texas since a 21-23 decision in 1960; it was the first victory over Texas for anyone in 16 consecutive games; it was the first victory over Texas for anyone in 24 games, excluding post season bowl appearances.

The Razorbacks stood silent in their dressing room at Austin as Longhorn Coach Darrell Royal told them:

"We have absolutely no excuses. You beat us. We want to see another No. 1 team come out of the Southwest Conference, so we hope you go on the rest of the way unbeaten, but remember — if you lose one — we'll be right behind you to pick up everything you drop."

## Hope Star SPORTS

### Porkers Right on Top of SW Conference

By HAROLD V. RATLIFF

Associated Press Sports Writer

Arkansas leads the Southwest Conference football race with prospects of being that way at the finish but the Razorbacks—coaches and players, that aren't counting their Cotton Bowl dollars yet.

Many a smile has turned to grimace down the November stretch of a Southwest Conference campaign. The lowliest can have the one hour of glory with an upset of the mighty.

Arkansas took over the lead with a 3-0 record Saturday night when the businesslike men of the Ozarks threw an eight-man defensive line against Texas and stalled the Longhorn march sufficiently to take a 14-13 decision.

It brought sorrow to Austin, where Texas had hung up a national championship and gone through 15 games without defeat; it brought joy to all Arkansans where Coach Frank Broyles already is a legend.

The Razorbacks leave the conference wars for a final inter-sectional fling this week, clashing with twice-beaten Wichita, Texas Christian, which celebrated the end of a losing streak by keeping the Texas Aggies winless 14-9; also go inter-sectional again. The Frogs play Clemson, thrice-beaten team.

But the other six members of the conference will be back hot and heavy at the conference grind. Texas seeks to hang in the race for the title in a clash with Rice at Houston. Rice won its opening conference game last week when it edged Southern Methodist 7-6.

Southern Methodist goes to Lubbock to battle Texas Tech's disillusioned Red Raiders. Tech took an unexpected 28-10 hammering from hitherto winless Baylor.

Baylor hosts Texas A&M in a You're a great football team. Texas now has a 4-1 record. Arkansas is 5-0.

BONSALL, Calif. (AP) —

Marlene Hagge built a seven-stroke lead after the morning round and coasted home a two-stroke winner in the Mickey Wright Invitational Golf Tournament at San Luis Rey Golf Club Sunday.

Mrs. Hagge had a one-under-par 71 on the morning round, giving her the cushion she needed to absorb a four-over 76 on the final 18 holes.

Her 287 total was one under par for the 72-hole \$9,000 Ladies Professional Golf Association event, and two strokes better than Sandra Henie's 289.

Miss Henie had a final round of 70.

homecoming battle at Waco. The Aggies already are out of the conference race. Baylor will be if it loses another one.

Arkansas is the last unbeaten, untied team in the conference and has hoped of a high spot in the rankings this week since it was No. 8 before it knocked over the No. 1 team.

A letdown might be disastrous though. Wichita last week won its first game in three weeks when it edged Detroit 8-7 and the Shockers undoubtedly have designs on Arkansas.

## Bobcats Again Ignored in Grid Ratings

Little Rock Central, unbeaten in Class AAA and No. 1 in the Big 12 Conference standings, also scaled the top rung in the Associated Press Arkansas high school football poll this week.

It was the first visit for the Tigers to the high post held annually this season by Fort Smith, Texarkana and Little Rock Hall.

Central got eight of nine first-place votes, with Pine Bluff getting the other one. The Zebras scored twice in the last 20 seconds last Friday night to know Hall from the unbeaten ranks in conference play.

Even so, the Warriors wound up second in the poll. Pine Bluff, rated everywhere from first to sixth on the ballots of the board of sportswriters and broadcasters, managed third place.

Fort Smith got fourth place and Conway went to fifth. Blytheville, ranked third last week, dropped into a three-way tie for seventh after being thrashed 19-0 by the Grizzlies.

Little Rock Catholic and Benton, members of Region 3AA (as is Conway), joined the Chickasaws in seventh place.

North Little Rock edged into the No. 10 spot. The change from last week sent Central from second to first, Hall from first to second, Blytheville from third to seventh, Conway fourth to fifth, Fort Smith fifth to fourth, Pine Bluff sixth to third, Benton ninth to seventh, Texarkana eighth to sixth.

Little Rock Catholic also held seventh place last week. North Little Rock displaced Van Buren in 10th place. Fayetteville defeated Van Buren last Friday night.

Results of the poll, with first-place votes in parentheses, and total points at right:

1. Little Rock Central (8)	89
2. Little Rock Hall	70
3. Pine Bluff (1)	67
4. Fort Smith	66
5. Conway	51
6. Texarkana	28
7. (tie) Little Rock Catholic	26
Benton	26
Blytheville	26
10. North Little Rock	23

Others, in alphabetical order: El Dorado, Malvern, Stuttgart, Van Buren.

## Colts Wham Packers by 24-21 Score

By DICK COUCH

Associated Press Sports Writer

Paul Hornung wore the collar in more ways than one — and it meant another trip to the cleaners Sunday for the Green Bay Packers.

Hornung, bothered by a pinched shoulder nerve, donned a protective collar Sunday for Green Bay's key National Football League game at Baltimore. Then he missed five successive field goal attempts, the last one backing into a 24-21 Colt victory that jolted the Packers' 1964 title hopes.

The Packers have dropped three of six starts and trail the Western Division-leading Colts by two games. The three defeats have been by a total of five points — points that Hornung, the NFL's single-season record holder, failed to produce. He missed extra point kicks in

ropean heavyweight championship.

MANILA — Baby Lorna, 12½, Philippines, stopped Goro Tsutsumi, 11½, Japan, 5.

NEW GLASGOW, N.S. — Jackie Carter, 131, Dartmouth, N.S., outpointed Hector Rodriguez, 126, Boston, 10.

Old pros Ollie Matson and Sam Baker led the injury-riddled Philadelphia Eagles past the floundering New York Giants 23-17. Bill Brown scored three touchdowns as Minnesota suggested the Pittsburgh Steelers 30-10.

## one-point losses to the Colts and Minnesota Vikings.

Green Bay held a 21-17 lead Sunday with less than two minutes remaining when the Colts blocked Hornung's fifth FG try. Jerry Logan picked up the loose ball and rambled from the Colt 30 to the Packer 34, from where the home club launched its winning drive.

Lenny Moore capped the advance with a five-yard touchdown sprint in the closing seconds and Baltimore had its fifth straight victory after a season-opening loss to Minnesota.

The Detroit Lions strengthened their hold on second place in the West by blanking the Chicago Bears 10-0. The Los Angeles Rams climbed to third with a 42-14 rout of the San Francisco 49ers. The Lions are 4-1-1, the Rams 3-2-1.

In the Eastern Division, St. Louis and Cleveland pulled out narrow victories and remained tied for the lead at 4-1-1. The Cardinals scored two touchdowns in the final half-minute for a 38-24 decision over Washington. The Browns caught Dallas 20-16 on a 54-yard interception return by Bernie Parrish in the fourth quarter.

# Hope Beats Fairview 13-0 and Takes Lead in 4-AA

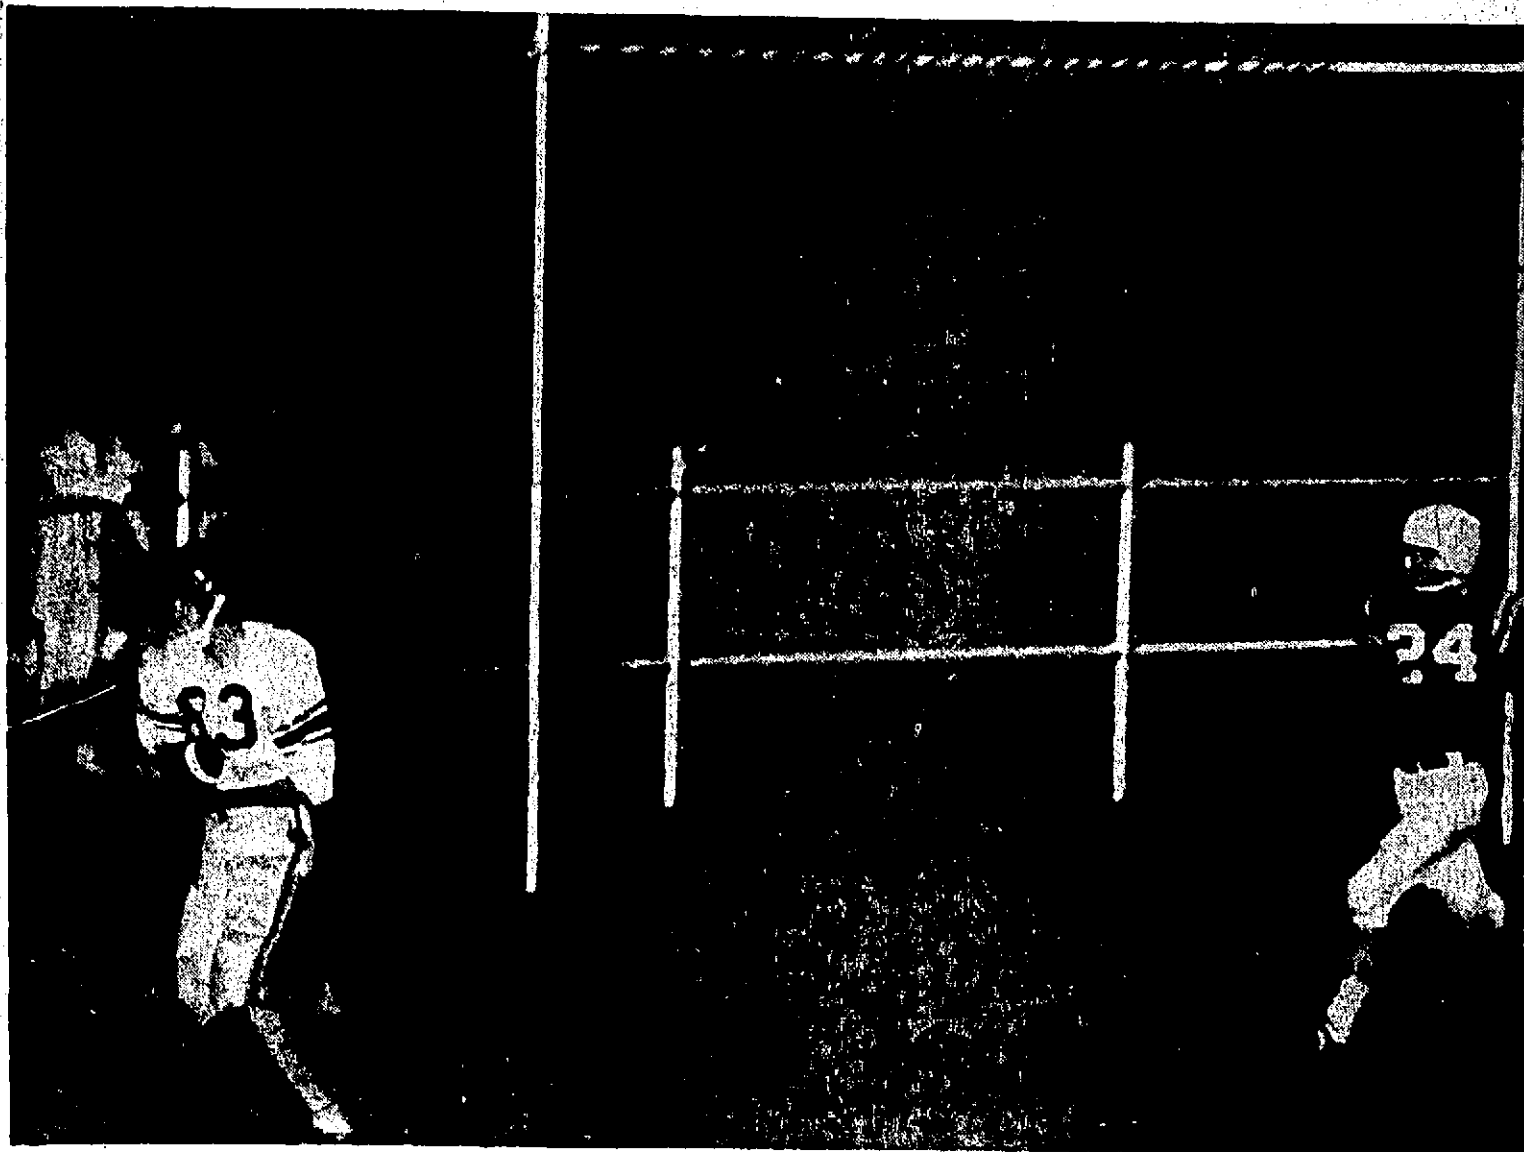

HOPE QUARTERBACK BUDDY JORDAN, 11, MADE a good picture but three stalwart men from Camden Fairview had him boxed and his keeper play was good for but a yard.

— Hope Star photos with 15-inch Schneider telephoto from the Fairview 45 to the 44, in this third-period photo of the football game at Hammons Stadium Friday night.

IN THIS FIRST-QUARTER PLAY HOPE HALFBACK Jerry Burnett, 27, took a pass from Jordan that was good for 7 yards to the Fairview 20. Hope players left to right: Tackle

Richard Lang, 78, extreme left; Tackle Paul Guarin, 76; Center Dick Willis, 54; Fullback Jerry Waller, 32; Tackle Harry McMahan, 74.

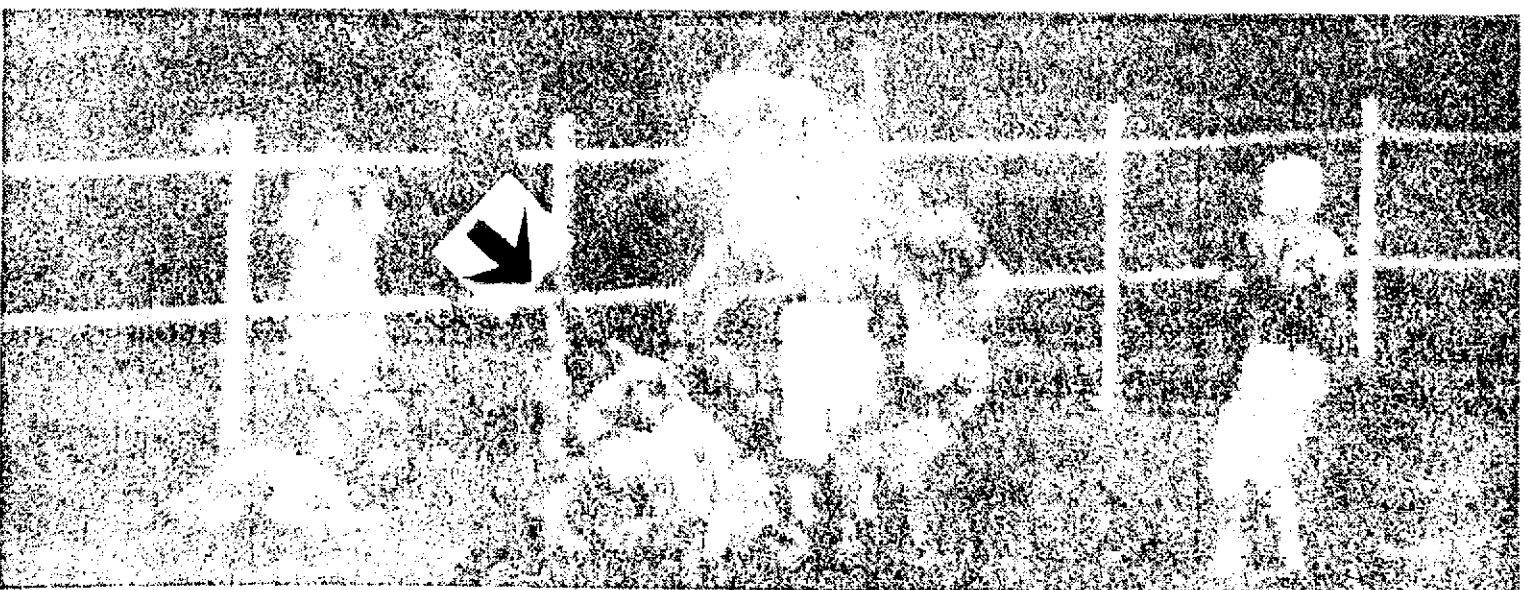

TOUCHDOWN! — THIS WAS THE FIRST ONE, IN the hot fourth quarter. Hope's Jordan threw a pass to End

Stan Parris 83, good for 12 yards and the tally at the north goal line close to the home stand.

IN THE SECOND QUARTER JORDAN, 11, (arrow), carried around left end for 5 yards to the Hope 36. No. 87 at

left is Eddie Aslin. Two plays later Hope fumbled and Fairview recovered on their own 49, with 1:20 left in the quarter.

TOUCHDOWN NO. 2 — WITH 4:59 LEFT IN THE game Fairview fumbled in the far corner of the north end zone and Hope Tackle Harry McMahan, arrow, fell on it for

Hope's final tally. Jumping with joy is Dick Willis, 54, and just to his right is Tommy Still, 66.

THIS WAS HOMECOMING FOR THE HOPE FANS — and here are the Bobcats' royalty: Front row left to right — Jan Gaines, Queen Cissie Ellis, Carla Purtle. Back row —

Jeannie Hendrix, Brenda Rateliff, Margie Herndon, and Myrle Cox.

## Winners in Ford's Pass, Punt Contest

Ford's Punt, Pass and Kick competition went off smoothly at K-Park Saturday morning with some 70 boys participating. Boys 8 through 13 years of age were required to punt, pass and kick a football for distance and accuracy. Scores were decided by the distance the ball traveled in the air minus the distance that the ball fell to the right or left of a center line.

The local youngsters turned in some very exceptional scores. After checking with surrounding towns, it was found that local scores are running much above average in two or three age categories. Winning scores are sent in to Detroit, Michigan and run through an IBM machine along with scores from all over this zone to determine who will be the zone or state winners. Zone winners will travel to Memphis for further competition. All competition is between boys of the same age group. Therefore 18 local prizes will be awarded, three in each age group, 8 through 13.

Local winners are as follows:

8 year olds — 1st - James Rhodes, 2nd - Gary Rhodes, 3rd, Robin Lee.

9 year olds — 1st Mike Newton; 2nd, David Huddleston; 3rd, Buddy Ingram.

10 year olds — 1st, Bill Rowland; 2nd, Tommy Frazier; 3rd, Alphonse Roy.

11 year olds — 1st, Ronnie Massanelli; 2nd David Sanders; 3rd, Jimmy Pruden.

12 year olds — 1st, Joe Bailey; 2nd Dan Stuart; 3rd, Steve Carter.

13 year olds — 1st, Doug Rogers; 2nd, Doug Cross; 3rd, Buddy Patterson.

Winners will receive their awards at halftime of the Hope-Camden game on October 30th. 8, 9, and 10 year olds will receive Dallas Cowboy warm up jackets as 1st prize, Portable goal post and passing accuracy square as 2nd prize, and Autographed Footballs as 3rd prize. 10, 11, and 12 year olds will receive handsome Gold, Silver and Bronze plaques as 1st, 2nd and 3rd prizes. All winners will receive certificates signed by Pete Rozelle, National Football League Commissioner and I.A. Jacocca, General Manager of the Ford Motor Co.

Response to the P & K Competition was very good in Hope and it is hoped that this will be an annual affair, jointly sponsored by the Hope Auto Co. and

the Parks and Recreation Department.

All prizes and awards for the winners are furnished by the Hope Auto Co.

Mateo Alonzo, an Argentine, designed the statue "Christ of the Andes."

Saline County was an early industrial center the first industry being a salt works established there in 1827. Price of the salt then was \$1.50 a bushel and the plant supplied all of Arkansas and parts of Tennessee, Louisiana and Texas.
